- 2001-06 Member, Executive Committee—Sets the agenda for the University Senate.
- 2001 Member, Columbia University Presidential Search Committee
- 2000- Member, Physical Development Committee—Reviews the university's large-scale capital projects.

Major Policy Initiatives:

Manhattanville Campus Expansion

Provided testimony at public hearings, gave presentations to each of the schools and relevant departments about the proposed expansion, providing information to relevant student groups. Also prepared reports for the President and Trustees regarding long-term strategic concerns of the faculty, and developed a template for open dialog concerning physical and academic planning.

Conflict of Interest Policy

Worked with the Office of the General Counsel and the Office of Research Administration to revise Columbia's financial conflict of interest policies to harmonize standards across the university, balancing the interests of researchers, the university, and the public.

Designated Suppliers Program (Anti-Sweatshop Proposal)

Negotiated with the students holding a sit-in in Low Library. Navigated student demands that we endorse the DSP without reservation. Wrote a report suggesting that the university agree to the DSP in principle and then join the DSP working group to fill in the details without exposing itself to anti-trust liability.

Internet Portal

Worked with the Senate's Student Caucus to help establish an online student community resource. With Columbia's information technology office, we incorporated many of the features of this system into the MyColumbia student portal.

ROTC

Addressed issue of whether to allow ROTC back on campus. Recommended that the university increase services and the visibility of the program, but due to cost and space limitations, keep training sessions at nearby Fordham.

Sexual Misconduct

Senate revised university policies regarding sexual misconduct by 1) clarifying definitions, 2) streamlining the appeals process, and 3) making the adjudication process more transparent.

Hate Crimes on Campus

Advocated a zero-tolerance policy under which all alleged hate crimes would be treated with a uniform process, including a rapid investigation and speedy determination of violations and penalties.

Academic Freedom

In response to allegations that professors were not dealing equitably with the Israel-Palestinian issue, proposed grievance procedures that would allow students to raise concerns in a neutral forum while preserving the core values of academic freedom and open classroom discussion.

Minutemen Controversy

Addressed an event where students violently disrupted the speech of a controversial guest speaker from the Minutemen organization. Advocated revamping the advising of student groups, and requiring a common application form for outside speakers.

Student Athletics

Active participant in the athletics program, working with the Athletics Director to increase the visibility of student athletes. In the capital campaign, suggested broadening the contribution base to include club as well as intercollegiate sports.

Fathom.com

Issued report evaluating the University's commitment to *Fathom.com*, an online learning venture, which ultimately led the Trustees to terminate the program.

School of International and Public Affairs:

- 2005- *Director, Advanced Policy Analysis and Applied Economics Program:* Oversee curriculum offerings, administer concentration budget, hire faculty and manage staff.
- 2004 *Chair, SIPA Planning Task Force:* Authored SIPA Vision Statement for use in major capital campaign.
- 2002- *Alumni Affairs:* Presentations to various alumni groups and Board of Advisors.
- 2001- *Director, Center on Political Economy and Comparative Institutional Analysis:* Interdisciplinary center focusing on political economy and the impact of political institutions and on economic performance and policy outcomes.
- 1997 *Chair, Statistics Task Force:* Wrote report reviewing all statistics courses at SIPA and compared them to offerings at peer institutions. The report was used to reorganize course priorities and as the basis for an external fundraising drive that resulted in the \$1 million Harvey Picker grant to support SIPA computing.

Political Science Department:

- 2006- *Coordinator, Alumni Relations and Development.*
- 2005- *Member, Earth Institute Fellowship Selection Committee.*
- 2002 *Advisor, Political Economy Undergraduate Major:* Coordinator and advisor for the undergraduate political economy major.
- 2000 *Chair, Dissertation Review Committee.*
- 1997 *Chair, Political Science Computing:* Evaluated Political Science Department computing needs, especially with regard to networking department computers and installing shared software and data sets.
- 1995- *Organizer, Political Economy Seminar:* Coordinated a weekly workshop of invited speakers in politics, law, economics, and business, which is now associated with a colloquium on political economics. Papers are distributed nationally via the Web.
- Various years—*Faculty Hiring Committees:* Served on various faculty-hiring committees in the Department of Political Science and the School of International and Public Affairs.
- Various years—*Graduate Student Admissions:* Political Science department committee to admit potential graduate students into the program and determine fellowship recipients.
- Various years—*Graduate Advising:* Ph.D. dissertation advisor and advisor to SIPA masters students.

Service to Profession:

- 1999 *Chair, Political Economy Section, American Political Science Association*
