

Bronx Zoo Internship

Department of Ornithology Summer 2004

We are looking for:

- Rising college Juniors or Seniors.
- Individuals who have taken animal behavior, research methods, or related course(s).
- Students able to participate in a twelve-week program, from late May until mid-August 2004.
- Those interested in doing animal behavior research, with a desire to work with animals.

You will:

- Learn how to do behavioral research on birds.
- Train with animal keepers and work with a captive collection.
- Use and further develop your observational, analytical, and writing skills.
- Need to have your own housing during the program.
- Have a memorable summer!

***Send letter of interest outlining your relevant experience, coursework, and reasons for applying to the program, along with a curriculum vitae to:**

Maria Maust
Department of Ornithology
Wildlife Conservation Society
2300 Southern Blvd.
Bronx, NY 10460

***Deadline: March 18**

IMPORTANT!! As interviews are mandatory, if you wish to schedule your interview during your spring break, please submit your letter of interest as early as possible.
