SURF Symposium

Last summer, 68 undergraduate students conducted research in the biological and medical sciences as interns in the Amgen Scholars Program and the Summer Undergraduate Research Fellowship Program (SURF).

Come hear them describe their experiences and learn more about this program.

Friday, January 25th, 2008

11:00 -12:00 noon	Low Library, Faculty Room
Opening Remarks:	Dr. Alice Hecklen
Student Lectures:	Saroja Bangaru Beta Subunit Regulation of Voltage Gated Calcium Channels
	Andrew Kaufman Genetic Suppressors of a Lethal Mutation in Sec24p
	Christopher O'Connor Transient Growth Factor Use for Cartilage Engineering
12:00 - 2:00 PM	Low Library, Rotunda
Poster Session:	2007 Student Research Posters

Light Lunch
