

**RESOLUTION TO SUPPORT HOUSING'S ENERGY CONSERVATION  
IMPLEMENTATIONS**

WHEREAS, environmental sustainability is a growing concern of Columbia University;

WHEREAS, housing plans to install both light and water fixtures to conserve energy within East Campus and monitor the subsequent savings with the students' permission;

WHEREAS, housing would like to advertise to students and request volunteers in East Campus to sign up for these new light and water installations;

WHEREAS, the a systematic plan has been researched and devised by housing;

WHEREAS, housing would like to include the Columbia College Student Council in its list of supported groups in both written and oral advertising;

THEREFORE be it resolved that the Columbia College Student Council support in both writing (posters, emails and other forms of written documentation) and by word of mouth Housing and Dining Services' plan to conserve both water and energy.
