

Dear all:

I would like to let you know that the keynote papers of Bologna Symposium will appear online first at the Journal of Transportation Infrastructure Geotechnology's website. At this time, you may see the papers by Dov Leshchinsky and Fumio Tatsuoka, together with several other submissions.

Meanwhile, we are processing rest of the keynote paper submissions and they will appear accordingly.

You are also welcome to submit your contributions to the journal. For questions, please contact Dr. Jonathan Wu or I myself.

Thank you
Hoe I. Ling
