

Conflict of Interest Guidelines

Reporting outside financial interests and activities is required for compliance with Columbia's conflict of interest policies. These include the Statement on Conflict of Interest and the University-wide Policy on Financial Conflicts of Interest and Research.

It is of utmost importance that this form be filled out completely and accurately. If you are uncertain as to whether a financial interest or relationship should be disclosed, please seek guidance, and err on the side of transparency.

For additional information and links to the University's conflict of interest policies, please visit the Research Compliance and Training website at www.researchcompliance.columbia.edu or email research-compliance@columbia.edu.
