

Drupal 7 Websites: Planned Downtime for Upgrades, December 18, 2015

As you may know, CUIT's Converged Infrastructure (CI) initiative involves migrating and integrating server, storage, networking, and virtualization resources into a unified solution.

We are scheduled to migrate Drupal 7 to the CI environment next week, after business hours to minimize disruption:

Migration Window: 5:00 p.m. to 9:00 p.m. on Friday, December 18

Websites based on Drupal 7 will experience downtime during a portion of the migration window, and CUIT is implementing a maintenance page that visitors will see while the sites are temporarily unavailable. A list of sites included in the migration is below for your reference.

Website Name	URL	Department
Alliance Program	alliance.columbia.edu	Alliance Program - International Affairs
