

2nd Annual Genetic Counseling Summer Camp Program

Would you like to:

- Know more about the field of genetic counseling?
- Meet professional genetic counselors and learn about the various roles they have within the healthcare arena?
- Engage in learning about cutting edge technologies and their applications?
- Learn about the societal implications about genomics testing?

Where:

Sarah Lawrence College, Joan H. Marks Graduate Program in Human Genetics, Bronxville, NY.

We are located twenty minutes north of Manhattan. Sarah Lawrence is a pioneer in the field of human genetics: the College has produced more than half of the nation's professionals in the genetic counseling field. Through a program of rigorous, interdisciplinary study and field placement, the graduates are redefining the relationship among health, science, and society.

When:

June 7, 2010, 9:00 AM – 3:30 PM

Further details: See attached schedule for program details.
