

MOTOROLA

Come see how a cell phone is designed by one of the industry's top companies!

Lead engineers and managers from Motorola's Mobile Devices business will host an engineering discussion on how mobile devices are built from the perspective of *Electrical, RF, Mechanical and Software* engineering disciplines. A speaker from each discipline will talk about the work they do towards building cell phones using examples from past and current projects.

Refreshments will be served!

Resumes will be accepted!!

And **FREE GIVEAWAYS** for a lucky few!!!!

WHEN: Friday, November 9 @ 4:30pm

WHERE: Interschool Lab, 7th Floor CEPSR
