

WiMAX

The Future of Wireless Internet Access

Brought to you by:

COLUMBIA IEEE

INSTITUTE OF ELECTRICAL AND ELECTRONICS ENGINEERS

Join us as Professor Irving Kalet discusses the technology behind WiMAX, the next step in broadband wireless access. Wireless network coverage that ranges miles instead of meters? Wireless internet access that's as fast and reliable as landlines? WiMAX is making it possible.

Date: Friday, March 7

Time: 4:00pm - 5:30pm

Where: 833 Mudd

(Refreshments will also be served!)
