Estimated Tuition, Fees, and Living Expenses for the 2015 - 2016 Academic Year

Global Programs

1) Immigration compliance and the visa application require you to document sufficient funding to meet the "Total Expenses" indicated in the last column on the right to qualify for an I-20. Only readily available liquid funds are acceptable - checking, savings, money market or CDs/time deposits maturing in less than one year.

2) Tuition and fees are estimates subject to approval by Columbia University's Board of Trustees.

3) Summer living expenses must be documented for all programs of study more than two terms in length.

4) Summer tuition and fees are required for certain programs of study.

5) If you are married and plan to bring your spouse or children, you must document additional funds for your dependents. The amounts for the 2015 - 2016 Academic Year are $1,000 per month for your spouse and $500 per month for each child. Your dependents may join you at any time during your program of study.

This is not the same as your School’s estimated student budget. You must document the amount in the Total Expenses column. Note that summer living expenses must be documented for all programs of study more than two terms in length.
