DESCRIPTION:

Dr. Kurt Goldstein, (1878-1965), was a distinguished neurologist and psychiatrist. He was clinical professor of Psychiatry at Columbia from 1934 to 1940. His fields of research included psycho-pathology, speech and optic disorders, injuries and tumors of the brain, and schizophrenia. His book publications reflect his achievements in these areas: The Brain Injured Soldiers, The Organism: A Holistic Approach to Biology Derived from Pathological Data in Man, Human Nature in the Light of Psychopathology, and Language and Language Disturbances. The collection of his papers contains his correspondence, lecture notes, and drafts and manuscripts of his numerous articles, essays, and books.
