

Smith, David Eugene, 1860-1944.

Professional papers, 1860-1945.

ca. 60,000 items (139 boxes, 4 flat boxes)

Biography: Mathematician. Professor of mathematics at the State Normal School, Cortland, N.Y., 1884-1891; at Michigan State Normal College, 1891-1898; at New York State Normal School, Brockport, N.Y., 1898-1901; and at Teachers College, Columbia University, 1901-1944. He was the editor of the *Bulletin of the American Mathematical Society*, the *American Mathematical Monthly*, and *Scripta Mathematica*, a member of the International Commission on the Teaching of Mathematics, 1908-1944, and librarian of Teachers College, 1902-1920. He was the author of *Rara Mathematica* (1907), *The History of Mathematics* (1924), and many other works on the history of mathematics as well as over forty mathematical textbooks and numerous journal articles. He also collected manuscript materials relating to the history of mathematics.

Summary: Professional and personal papers of Smith, including correspondence and manuscripts from his students, family, contemporary mathematicians and teaching colleagues about the history and teaching of mathematics, his many committees, administrative matters at Teachers College, and his travels and collecting. Also, the manuscripts of his writings and his notes.

Organization: Boxes 1-60: Correspondence; Boxes 61-118: Manuscripts; Boxes 119-120: Misc.; Box 121: Photographs; Boxes 122-138: Printed books & misc.; 4 oversize boxes in map case 14-13-10.

Finding aids: Contents list, 37p.

Available for faculty, students, and researchers engaged in scholarly or publication projects.

Permission to publish materials must be obtained in writing from the Librarian for Rare Books & Manuscripts.

1. State University College at Cortland--Faculty.
2. Michigan State Normal School--Faculty.
3. State University of New York College at Brockport--Faculty.
4. Columbia University. Teachers College--Faculty.
5. Columbia University. Libraries.
6. Mathematics--Study and teaching.
7. Mathematics--History.
8. Mathematics--Societies, etc.
9. College teachers.
10. Mathematicians.
