

**Smith, David Eugene, 1860-1944, collector.**

Historical papers, [ca. 1400-1899]  
17.5 linear ft.(ca. 10,100 items in 31 boxes)

**Biography:** Mathematician. Professor of mathematics at the State Normal School, Cortland, N.Y., 1884-1891; at Michigan State Normal College, 1891-1898; at New York State Normal School, Brockport, N.Y., 1898-1901; and at Teachers College, Columbia University, 1901-1944. He was the editor of the *Bulletin of the American Mathematical Society*, the *American Mathematical Monthly*, and *Scripta Mathematica*, a member of the International Commission on the Teaching of Mathematics, 1908-1944; and librarian of Teachers College, 1902-1920. He was the author of *Rara Mathematica* (1907), *The History of Mathematics* (1924), and many other works on the history of mathematics as well as over forty mathematical textbooks and numerous journal articles. He also collected manuscript materials relating to the history of mathematics.

**Summary:** Correspondence, manuscripts, and documents of mathematicians and other scientists, often dealing with politics and fields other than mathematics. Many of these concern the French Revolution.

**Organization:** Cataloged.

Alembert letters are available on microfilm (MN#2000-1207).
