DESCRIPTION:

The papers of Peter G. Stafford (), author of Psychedelic baby reaches puberty (Praeger, 1971), LSD - the problem solving psychedelic (Award Book, 1967) and other books, and editor of Crawdaddy magazine, reflect a wide interest in psychedelic drugs, other drugs, and all aspects of the youth culture of the 1960's. Among the manuscript materials are drafts for chapters in his books, case histories, some correspondence, and materials showing the workings of the underground press; there are clippings, pamphlets, and books of both technical and popular interest. In general, earlier materials are arranged by subject; later clippings, articles, and periodicals are arranged by the title of the periodical. The books are in one group at the end.
