It is most important that correspondence to a Foreign Service post be addressed to a section or position rather than to an officer by name. This will eliminate delays resulting from the forwarding of official mail to officers who have transferred. Normally, correspondence concerning commercial matters should be addressed simply "Commercial Section" followed by the name and correct mailing address of the post. (Examples of correct mailing addresses appear on page xii.)

KEY OFFICERS OF FOREIGN SERVICE POSTS

Guide for Business Representatives

The Key Officers Guide lists key officers at Foreign Service posts with whom American business representatives would most likely have contact. All embassies, missions, consulates general, and consulates are listed.

At the head of each U.S. diplomatic mission are the Chief of Mission (with the title of *Ambassador, Minister, or Charge d'Affaires*) and the Deputy Chief of Mission. These officers are responsible for all components of the U.S. Mission within a country, including consular posts.

Commercial Officers assist U.S. business through: arranging appointments with local business and government officials, providing counsel on local trade regulations, laws, and customs; identifying importers, buyers, agents, distributors, and joint venture partners for U.S. firms; and other business assistance. At larger posts, trade specialists of the US&FCS perform this function. At smaller posts, commercial interests are represented by economic/commercial officers from the Department of State.

Commercial Officers for Tourism implement marketing programs to expand inbound tourism, to increase the export competitiveness of U.S. travel companies, and to strengthen the international trade position of the United States. These officers are employees of the U.S. Travel and Tourism Administration (USTTA), an agency of the U.S. Department of Commerce with offices in various countries. Additional important markets in Europe, Asia, the Pacific, and Latin America are covered by the Foreign Commercial Service and the private sector under USTTA leadership.

Economic Officers analyze and report on macroeconomic trends and trade policies and their implications for U.S. policies and programs.

Financial Attaches analyze and report on major financial developments.

Political Officers analyze and report on political developments and their potential impact on U.S. interests.

Labor Officers follow the activities of labor organizations and can supply information on wages, nonwage costs, social security regulations, labor attitudes toward American investments, etc.

Consular Officers extend to U.S. citizens and their property abroad the protection of the U.S. Government. They maintain lists of local attorneys, act as liaison with police and other officials, and have the authority to notarize documents. The Department recommends that business representatives residing overseas register with the consular officer; in troubled areas, even travelers are advised to register.

The *Administrative Officer* is responsible for the normal business operations of the post, including purchasing for the post and its commissary.

Regional Security Officers are responsible for providing physical, procedural, and personnel security services to U.S. diplomatic facilities and personnel; their responsibilities extend to providing in-country security briefings and threat assessments to business executives.

Security Assistance Officers are responsible for Defense Cooperation in Armaments and foreign military sales to include functioning as primary in-country point of contact for U.S. Defense Industry.

Scientific Attaches follow scientific and technological developments in the country.

Agricultural Officers promote the export of U.S. agricultural products and report on agricultural production and market developments in their area.

The *AID Mission Director* is responsible for AID programs, including dollar and local currency loans, grants, and technical assistance.

The *Public Affairs Officer* is the post's press and cultural affairs specialist and maintains close contact with the local press.

The *Legal Attache* serves as a representative to the U.S. Department of Justice on criminal matters.

The *Communications Programs Officer* is responsible for the telecommunications, telephone, radio, diplomatic pouches, and records management programs within the diplomatic mission. They maintain close contact with the host government's information/communications authorities on operational matters.

The *Information Systems Manager* is responsible for the post's unclassified information systems, database management, programming, and operational needs. They provide liaison with appropriate commercial contacts in the information field to enhance the post's systems integrity.

Business representatives planning a trip overseas should include in their preparations a visit or telephone call to the nearest U.S. Department of Commerce District Office. The District Office can provide extensive information and assistance as well as a current list of legal holidays in the countries to be visited. If desired, the District Officer can also provide advance notice to posts abroad of the representative's visit.

The Department of State, Bureau of Diplomatic Security, can also provide current data on the security situation to interested persons planning trips abroad. American business representatives desiring this information should contact the Diplomatic Security Service, Overseas Support Programs Division, (202) 647-3122.

Some of the services jointly provided by the Departments of State and Commerce to U.S. business firms interested in establishing a market for their products or expanding sales abroad include:

—The Trade Opportunities Program (TOP), which provides specific export sales leads of U.S. products and services;

—World Traders Data Report (WTDR), which provides detailed financial and commercial information on individual firms abroad upon request from U.S. companies;

—Agent Distributor Service (ADS), which helps U.S. firms find agents or distributors to represent their firms and market their products abroad; and

—Information about foreign markets for U.S. products and services and U.S.-sponsored exhibitions abroad in which American firms can participate and demonstrate their products to key foreign buyers.

In all matters pertaining to foreign trade, the nearest U.S. Department of Commerce District Office should be your first point of contact. Foreign trade specialists at these facilities render valuable assistance to U.S. business representatives engaged in international commerce.

For additional information about Foreign Service assistance to American business overseas, or for specialized assistance with unusual commercial problems, you are invited to visit, telephone, or write the Office of Commercial, Legislative, and Public Affairs, Bureau of Economic and Business Affairs, U.S. Department of State, Washington, D.C. 20520-5816. Telephone (202) 647-1942.

NOTE: Do not combine any of the above forms (e.g., international plus APO/FPO addresses). This will only result in confusion and possible delays in delivery. Mail sent to the Department for delivery through its pouch system for posts with APO/FPO addresses cannot be accepted and will be returned to the sender.

The Military Post Service Agency (MPSA) is in the process of aligning APO/FPO numbers, according to geographic location, that became effective July 15, 1991. The APO/FPO and the U.S. Postal Service (USPS) will provide service under both the old and new APO/FPO numbers until July 15, 1992.

Every person and organization overseas served by the MPSA gets assigned a new address. For some, the change includes a new ZIP Code, but for all, the structure of the last two lines of the address changes. New York, San Francisco, and Miami are no longer used with the ZIP Code. AE, AP, and AA will be used. This change will enable the MPSA mail to be processed on automated equipment and will result in better mail service.

* Use domestic postage.

** Use international postage.

STATE ZIP CODES

In conjunction with the U.S. Postal Service's new system of 9-digit ZIP Codes, the Department of State has assigned a unique 4-digit number to each Foreign Service post. All mail sent through the Department's pouch system (for posts without APO/FPO addresses) should add the 4-digit number to the current ZIP Code 20521. For example, the new ZIP Code for Abu Dhabi would be 20521-6010. Refer to the following list for each Foreign Service post's unique number.

TELEPHONING A FOREIGN SERVICE POST

Below is the procedure for telephoning a Foreign Service post. American Embassy Canberra is used as an example.

Calling From a U.S. Government Agency:

Dial 9 + international access code + country code + city code + local number

Ex: 9 + 011 + [61] + (62) + 705000

Others:

Dial international access code + country code + city code + local number

Ex: 011 + [61] + (62) + 705000

NOTE: Some international calls will require operator assistance because the country is not an international dial country. The telephone listing for these countries will not be preceded by a country code and city code (always shown in brackets and parentheses).

Calls to certain points outside the continental U.S. can be dialed in the same manner as long distance. Simply dial the area code or country code and the local number. For these locations, no city code will appear with the telephone number.
