Columbia Library Columns

TWENTY-YEAR INDEX

Covering Volumes I to XX

FALL, 1951 - MAY, 1971

Published by THE FRIENDS OF THE COLUMBIA LIBRARIES,
Butler Library, Columbia University, New York, New York 10027.
Index price, five dollars each.
An Author-Subject Index

THE one-hundred and eighty articles published thus far in *Columbia Library Columns* are entered in this index under author and under one or more subject headings. Author's entries are printed in capital and lower case letters. Subject headings (including persons as subjects) are in capital and small capital letters.

*Illustrations.* After the first few issues, the illustrating of all articles became a regular practice. Subject headings for the articles therefore generally provide subject approach to the illustrations without need for separate indexing. However, illustrations which have little or no accompanying text (as in some picture sections and in "Our Growing Collections") have been selectively indexed.

The journal is published three times a year—in February, May, and November—for which the designations herein are F, M, and N. (However, volume I, no. 1 was dated "Fall, 1951"; thereafter the first issue of each volume was "November.") Volume numbers are in Roman numerals. Issue numbers and page numbers are in Arabic.
