Dear Governor,

I want to tell you how deeply you and Mrs. Lehman are in our hearts and thoughts. Alice and I both know of the constant anxiety under which you have been forced. Our hearts go out to you as you bear this weight of sorrow. I only saw Peter once. But no one could miss his spirit and courage. He had much to...
give to his country. He was a brave and gallant gentleman and he had The touch of a happy one. One knew by your look when you spoke of him how much you loved him.

You have all our sympathy.

Most sincerely,
