Honorable Clinton P. Anderson
United States Senate
Washington, D.C.

Dear Clint:

During the 83rd Congress a number of Senators and Representatives joined with me in co-sponsoring an omnibus Immigration and Citizenship Bill (S. 2585). I am planning to reintroduce this Bill with a few technical changes, within the next few days. I hope that you will join with me in sponsoring this comprehensive revision of our immigration and naturalization laws in the 84th Congress.

During the past two years I have received favorable support for this Bill from many outstanding civic, religious, labor, education, and business groups throughout the United States.

I am enclosing a copy of the Bill (S. 2585) which will be reintroduced, with minor technical changes, along with a reprint of the detailed summary of the Bill's provisions.

I would appreciate your calling my office and notifying me if you wish to co-sponsor this Bill.

Very sincerely yours,
