UNITED STATES CIVIL SERVICE COMMISSION

NOTICE OF RATING
for
FIRST CLASS POSTMASTER EXAMINATION

Date APR 7 1954

To Mrs. Ann L. English
28 - Courthouse Road
Franklin Square, N.Y.

This is NOT a notice of appointment. It is a report of the result of your examination. It is important that you keep it.

IMPORTANT--Ordinarily nothing can be accomplished by writing to the Commission in regard to your relative standing and prospects of certification. The names of eligibles are entered on the registers according to the ratings attained, and every proper consideration is given to those whose names are reached for certification. If, however, you find it necessary to write to the Commission, be sure to indicate the date, place, and title of the examination taken by you.

IT IS ALSO IMPORTANT THAT YOU STATE YOUR CORRECT RATING.

Your rating in the examination is as follows:

SUBJECT:

Experience, training, and general fitness ............... 94

VETERAN ☐ 5 points ............... 

PREFERENCE ADDED ☐ 10 points ............... 

TOTAL ............... 

Your name now stands No. ___ on the register of eligibles.

RATING REQUIRED--Competitors must attain a rating of 70, before the addition of credits for preference, in order to become eligible.

The names of competitors who attain a rating of 70 or above are entered on the register of eligibles. In accordance with the provisions of the Veterans' Preference Act of 1944, as amended, the names of 10-point preference eligibles who have established that they have a compensable service-connected disability of 10 percent or more are entered on the register as a group in the order of their increased examination ratings, above all other eligibles. The names of other 10-point preference eligibles and of 5-point preference eligibles are placed upon the register in the order of standing determined by their augmented ratings along with the names of nonpreference eligibles. The period of eligibility is ordinarily one year, unless the Commission finds it desirable to extend the eligibility of the entire register for an additional period.
