Governor Herbert Lehman
820 Park Avenue
New York, N.Y.

Dear Governor Lehman:

This League is recognized by the United Nations as the official consultative agency in its field, which is one in which you have so long been concerned internationally and at home. We had the privilege of the acceptance only last spring of our mutual friend LaGuardia as vice-president. Among the several on this letter-head we must count a distinguished American, known widely abroad.

Our board would appreciate it greatly if you would accept that post. You will not be burdened. The most we would ask might be a public appearance on some significant occasion, or your signature to some document you might approve. I would be most happy to call on you at your convenience if you wish to discuss it.

With warm regards.

Sincerely yours,

Roger N. Baldwin
