March 12, 1954

Dear Governor:

I had to talk to Morris Ernst about something and he told me to get over to you the following.

McCarthy saw Mr. Baruch in regard to the radios not giving him time. He discussed, so Morris' friends tell him, Mr. Sarinoff and Mr. Paley and said if he was not given time that he would work this up as an anti-semitic plot by the net-works. Morris said if you want more you can talk with him. He went to Mr. Baruch somewhat as the King of the Jews.

I pray the net-works stick to their guns. I don't think they can lose when they are backed by the Republican party and the President.

Pretty little world. Kindest regards.

As ever,

CAF
