Honorable Ezra Benson

Dear Mr. Secretary

The two orders under which the prices of milk produced for the "New York market are regulated—Order 27 issued by the Commissioner of Agriculture and Order No. 126 issued by the "New York State Commissioner of Agriculture and Markets—have brought a number of benefits into what was at one time a very disorderly and confused situation. Time and events however have brought new factors into being. A number of my constituents have written urging the inclusion of northern New Jersey in the area covered by this order. As you know, this problem has been under discussion for a number of years. It is my considered judgement that it is timely to hold hearings in the New York area on this and related problems. Dated and not well covered insight. I urge your immediate consideration of this matter.

Yours very sincerely,

HHL
