Mr. Edward L. Bernays, Chairman

26 East 64 Street
New York 21, New York

Dear Mr. Bernays:

I am very pleased to submit the following brief statement to you for use by the National Committee for an Adequate Overseas U.S. Information Program.

"It has always been my belief that the United States Government and the citizens of our nation have a tremendous story to tell other peoples throughout the world. The highest priority should be given by our government to an information program designed to tell this American Story. Ours is a nation firmly grounded in the concept of free exchange of knowledge and information. We know the power of truth.

For these reasons, I will continue to support all efforts to build and maintain an information program staffed with skilled and devoted men which will bring truth and light to the minds of all peoples throughout the world."

Thank you for writing me for a comment on this most important subject.

Yours very sincerely,
