Horrible Herbert:

Just a short note to commend you for the leadership you gave in the Senate during the Rules fight last week. The arguments presented and the thoroughness of the preparation of the argument by those on your side were a credit to the Senate. I believe that the efforts of you and your colleagues gave a forceful demonstration to the people that there is a strong will within the Senate to end the filibuster and establish democratic processes.

My personal best wishes for the New Year.

Cordially,
