Honorable Charles F. Brannan
Secretary of Agriculture
Washington, D. C.

My dear Mr. Secretary:

On an early occasion I hope to see you in person and express my thanks for your good and prompt attention to my request for a clarification on the Milk Marketing Order.

In the interim, I wish you to know that I was deeply gratified by your reaction in this situation and the way in which you have understood the picture in this State.

Thus far, the reaction to your letter, although it has just been made public today, has been most gratifying.

Yours very sincerely,
