Honorable Herbert H. Lehman
Executive Mansion
Albany, N. Y.

Dear Governor:

Members of the Committees of the State Bankers Association were very happy to learn from Randolph Burgess that there was a prospect that you would speak at a luncheon to be given at our Annual Meeting in Buffalo, Monday, May 26th.

I do so hope that you will be with us. In these days of uncertainty and doubt, a militant inspirational talk by our Governor will buck up the fighting spirit which is so badly needed now, especially as it will be delivered by the Leader who steered our State banking system through the troublesome depression days.

Please try to be with us. Your attendance will be the finest compliment that could be paid to the Association, and will be the highlight of the Convention.

With kindest personal regards and best wishes,

Respectfully and sincerely,
