Senator Herbert H. Lehman
Senate Office Building
Washington, D.C.

Dear Herbert:

In order to make a study under our Resolution 25, of Foreign Trade and its relationship to our Domestic Economy, won't you, as a personal favor to me, meet with all members of our Committee tomorrow (Friday), July 24th at 2 pm, in the District Room (P-38) in the Capitol?

I am most anxious to discuss with you our program in respect to this entire matter - secure your approval and get the benefit of your suggestions and help.

There are some decisions which must be made immediately if we are going to do the far-reaching, constructive and efficient job which we hope to do in respect to this matter, and I know of nothing more important to the welfare of this country and the world.

I have asked Lee Parsons, Assistant Clerk of the Senate Banking and Currency Committee, whom I have appointed as Clerk of this study group, to telephone you tomorrow, and work closely with your Administrative Assistant, so that we may have a full meeting.

Respectfully submitted,

Herbert H. Lehman
