January 28, 1954

Senator Herbert Lehman
Senate Office Building
Washington, D. C.

Dear Senator Lehman:

This will acknowledge your memorandum of January 22, 1954, to the Senate Post Office and Civil Service Committee, to which you attached a letter to you from Mr. Ralph M. Stephens.

Mr. Stephens writes relative to the experiment in transporting first class mail by air transportation. We have been informed by the Post Office Department that a study is being made of the results of these flights, but as of the present no definite conclusions have been reached. Therefore, I am assuming that no decision will be reached until these flights can be given a thorough try.

Please be assured that the Committee was glad to have you refer Mr. Stephens' letter to us. It is returned herewith for your files.

Sincerely yours,

Frank Carlson
Chairman
Post Office and
Civil Service Committee
