The Honorable Herbert H. Lehman  
U.S. Senate Office Building  
Washington, D.C.

Dear Herbert Lehman:

I hate to bother you with a detail at the very time when you are preparing for a busy legislative session. I do so only because I know of your deep interest in the New York Adult Education Council and the work it is doing. Last year you generously contributed $250 to the Council. I hope that you will be interested in renewing this contribution at this time.

You will be happy to learn that a week or two ago the NEW YORK TIMES contributed $5000 to the Council in memory of the late John H. Finley, the Council’s first president.

With warmest regards and every good wish,

Sincerely yours,

Harry J. Carman  
Dean
