Dear Timmy,

It was good to see you in Washington. It brought back old times. Ed and Jimmy were glad to hear of you and were excited at the thought of you making one of the trips.

I would like to see the Govers when he is in New York again, but I know how uncertain his plans must be. I would appreciate it, therefore, if you could let me know when he is coming to town (perhaps by saying 'in.' A collect wire at the time).
