May 18, 1948

Honorable Frederic R. Coudert, Jr.,
House Office Building,
Washington 25, D.C.

My dear Congressman Coudert:

I wish to endorse the Baldwin Bill S. 1949 providing an increase in salary to Letter Carriers.

These men, who have always shown unusual devotion to duty and loyalty in the public services, have for many years been underpaid. Their salaries do not reflect the increased cost of living, and they and their families frequently are prevented from maintaining an American standard of living. In view of the service which they are efficiently and constantly rendering to the public, I very much hope that the Senate Bill 1949 will be enacted.

Yours very sincerely,
