Lehman Candidacy Endorsed

By Bartley C. Crum

Bartley C. Crum, a member of the Anglo-American Commission of Inquiry on Palestine, yesterday (THU) wholeheartedly endorsed Herbert H. Lehman, Democratic-American Labor-Liberal Party Candidate for United States Senator.

Mr. Crum said:

"I am not a New Yorker, but were I a resident of this state I would vote for Herbert H. Lehman for Senator.

"In my opinion the voters of New York have an opportunity to elect to the Senate a man of high caliber.

"From my personal experience as a member of the Anglo-American Commission on Palestine, I know of the high regard in which former Governor Lehman is held by the displaced Jews in Europe. In the Austrian and German Displaced Persons Camp, the UNRRA teams under the leadership of Governor Lehman gave the Jews of Europe a real feeling of hope."
