The Honorable Herbert H. Lehman
Senate Office Building
Washington, D.C.

Dear Senator Lehman:

I am preparing to reintroduce Senate Resolution 21 in modified form to recite the fact that the Republic of Ireland has been admitted to the United Nations and as such more than ever deserves consideration in its efforts to provide an undivided country.

If you care to join me in co-sponsoring this Resolution, will you call my office and advise Mrs. Gomien?

Sincerely,

Everett McKinley Dirksen
