Senator James O. Eastland  
Chairman  
Senate Subcommittee on Immigration  
Senate Office Building  
Washington, D.C.

Dear Senator Eastland:

I am enclosing supporting material for S. 1036, a bill for the relief of Mrs. Theodore (Nicole Xantho) Rousseau. Congressman Coudert has introduced a companion bill in the House of Representatives, H.R. 11504.

It is my hope that it will be possible for your Subcommittee to take expeditious action on this measure before the close of the present session of Congress. Several of my colleagues in the Senate have expressed their interest in this measure, and I have been informed that the Department of State is favorably disposed towards its passage.

Very sincerely yours,

Herbert H. Lehman  
United States Senate
