Mr. Herbert H. Lehman  
41 East 57th St.  
New York 22, N. Y.

Dear Mr. Lehman:

With the enclosed official receipt for your generous contribution to the American Association for the United Nations, Mr. Sumner Welles, Dr. William Emerson and I want to send our warm thanks for the encouragement you have given us in our drive to mobilize public support for the United Nations in this critical hour.

Today the moral forces of the overwhelming majority of the nations of the world are united to stop aggression. There are grim months ahead. The United Nations forces in Korea are having difficult times, but it is in such grim situations that necessity forces mankind to great steps in the development of human society.

These are the facts that we wish to assist in bringing home to the people in this country. Your assistance has made it possible for us to make an important contribution to public education on this issue.

Faithfully yours,

*Clark M. Eichelberger*
