HERE has been a lot of confusion in this campaign. Reactionaries masquerade as independents. Republicans are wearing a fusion false face. This page should help set you straight. Here are independents you know to be independents... who think independently... act independently. There is no doubt where they stand. They stand squarely for William O'Dwyer... who stands against reaction and for the people.

Which side are you on? Then you, too, should support Bill O'Dwyer... the true liberal... backed by labor, backed by independents everywhere who know good government when they see it.
