Mr. A. H. Feller  
United Nations  
Lake Success, New York

Dear Abe:

I am just in receipt of your letter of December seventeenth, which I have read with much interest and appreciation.

I need not tell you, I am certain that nothing would give me greater pleasure and satisfaction than to be the recipient of the Nobel Peace Prize.

I cannot conceive of anything that I would value more highly throughout my life. Certainly, the suggestion would cause me no embarrassment, and its fulfillment would give me great happiness. Thanks ever so much for your interest.

Edith and I are out here for a vacation. We have had a good time, although we have been somewhat disappointed in the weather. We have had lots of fog and smog, and some rain.

Our son, John, is with us, however, and we are getting a good rest and seeing a lot of different parts of the country. We expect to return to New York shortly after the first of the year.

With renewed thanks and best wishes to you and Mrs. Feller, in which Edith joins me, I am,

Sincerely yours,
