Dear Carolin:

I am in receipt of your letter of April 9. You seem to have everything well under control.

I will do nothing about the Tex McCrary's broadcast until I hear further from you. If Dr. Blawson, without involving me, could advise against the broadcast I would be well satisfied. Let me know if anything develops as I have not answered Tex McCrary's last letter.

You handled the Harry Louis Seldon letter very well indeed. I will merely disregard it, although they probably will keep after me. I am returning the letter to you herewith.

I am also enclosing a letter from Miss Berthe Grossbard asking to speak on the radio in behalf of the United Nations Appeal for Children. I would like to show my interest in this undertaking. I expect to be back around the first or second of May but since it is very difficult to secure accommodations and we may decide to stay over in Cleveland for a day or two if there is nothing pressing in New York, I think it would be well not to make any engagements before May 6th. You can arrange with Miss Grossbard for me to talk on the radio sometime. I am free between May 6th and May 12th, with the exception of May 10th, when I know that I will have another engagement.

We like this place very much indeed. The days are pleasantly warm, the nights usually quite cool. Thus far we have been very quiet and unenergetic, devoting ourselves mainly to swimming, eating and sleeping, all of which we greatly enjoy. There are quite a few New Yorkers here who have come up and introduced themselves but fortunately we have no friends to interfere with our relaxing. We have a lovely little cottage and couldn't be more comfortable. We hope to take some excursions within the next few days as we would like to see part of this country.

I hope everything is going well at the office. Don't work too hard and take care of yourself. Edith joins me in kindest regards.

Yours very sincerely,

enclosures.
