27. iv. 34.

Dear Governor Lehman:

A warm congratulation for the pertinacity and public spirit which secured through your leadership for the state of New York the utility legislation which you sponsored. And more than legislation for New York is what your efforts have accomplished. You have helped powerfully to reveal the perversion of what are fundamentally public agencies to private profit, and thus have helped enormously to educate American public opinion to an understanding of what is at stake in order to fashion instruments for self protection.

With warm regards,

Sincerely yours,

Hon. Herbert H. Lehman
