Honorable Herbert H. Lehman
United States Senate
Washington, D. C.

Dear Herbert:

It occurred to me that you might be interested to know that, during the past five years, seven hundred and eighty-four citizens of New York have received fellowships under the exchange of persons program. In 1948, the first year, there were twelve and in 1952, one hundred and seventy-seven.

I believe we are making progress with the program.

Please don’t bother to acknowledge this note.

With kind regards, I am

Sincerely yours,

J. W. Fulbright
