Honorable Guy M. Gillette  
United States Senate  
Washington, D. C.  

Dear Senator Gillette:

Thank you for your very interesting letter of September 18, 1950.

I would be very interested indeed to hear of the evaluation given the situation by High Commissioner McCloy. The news coming out of Germany is certainly not very encouraging to us.

I certainly hope that a conference such as you suggest may be arranged so that we can have this information available to us in enlightening our judgment.

Yours very sincerely,
