Honorable Herbert H. Lehman
United States Senate
Washington, D. C.

Dear Herbert:

The only matter we have before the Subcommittee on Economic Stabilization is Senator Chavez' bill, S. 403, a copy of which I enclose.

Also enclosed are copies of reports from the various government offices that would be concerned with this legislation.

After studying this matter, I would appreciate your advising me of your opinion and, if the need for a meeting presents itself, one will be called.

Sincerely,

Barry Goldwater, Chairman
Subcommittee on Economic Stabilization
