October 15, 1937

Honorable Herbert H. Lehman
Governor of the State of New York
State House
Albany, New York

Dear Governor:

As you perhaps know, the automotive industry is making a determined effort to be of assistance to state officials in the campaign to reduce accidents. This work is being carried out through the Automotive Safety Foundation, of which I am President. The presidents of all the leading automobile, tire and finance companies are trustees of the organization. I am enclosing a pamphlet setting forth the membership. For the calendar year of 1937 we raised about $400,000 and hope to have available a somewhat larger amount for the 1938 campaign.

We hold only one meeting of the organization during the calendar year, which will take place this year on October 29 at the Hotel Commodore. We would be honored indeed if you could attend and extend a word of welcome to our trustees and their guests.

Sincerely yours,

PGH:DH
President
