September 13, 1950

Honorable Lyndon B. Johnson
United States Senate
Washington, D. C.

My dear Lyndon:

Thank you very much for sending me the report of the Senate Armed Services Preparedness Subcommittee.

I have just had a chance to glance over it but it appears to be a workmanlike and stimulating report. It will be very valuable for background information and for informing the public. It would be useful to have this information become generally and widely known by the public.

Very sincerely yours,
