Dear Senator Lehman:

Thank you for sending me the letter from Mr. Irving D. Lasher of Brooklyn concerning conditions at Camp Devens, Massachusetts.

I have taken the liberty of making extracts of the letter, and have taken the matter up with the Department of the Army. I shall keep you informed as to the progress of the inquiry.

Thanks again for bringing this to my attention. The Preparedness Subcommittee is always extremely interested in learning of specific cases of waste or inefficiency in our preparedness program.

Sincerely,

Lyndon B. Johnson, Chairman
Preparedness Subcommittee
