Dear Friend:

As Democratic leaders for part of this Assembly District for the past twelve years we urge you to vote the straight Democratic ticket on November 5th.

In our opinion it never has been more important for Democrats to stand up and be counted as Democrats than it is today.

Communism is rampant in our city. There are forces at work, seeking to destroy the Democratic Party. Hiding behind them are the Communists.

We say to you as our friends of many years that what they say is not so. It is the propaganda of the Communists, seeking to destroy the Democratic Party.

The Democrats have nominated a great ticket. And it is a ticket of Democrats.

Elect Senator James M. Mead as the next Governor of the State of New York; former Governor Herbert Lehman, as U. S. Senator and every candidate on the Democratic ticket.

Also our candidates for Supreme Court Judges, Samuel J. Foley, Thomas L. J. Corcoran; for City Court Judges, John A. Byrnes, Louis J. Capozzoli; for Surrogate, William T. Collins; and our local candidates, for State Senator, Francis J. Mahoney; for Assembly, Owen McGivern; for Councilman, Maurice E. Downing.

But vote as Democrats.

Don't let the Communists or any other group that would destroy the Democratic Party have your vote.

Keep communism out of the Democratic Party.

You are cordially invited to visit our Headquarters at 728 Ninth Avenue, Established since 1907. Your membership is invited.
