March 10th, 1942

Governor Herbert H. Lehman,  
Executive Chamber,  
Albany, New York.  

Dear Herbert:  

I am enclosing herewith the editorial page of the "Daily Record" of Long Branch, New Jersey, dated March 3rd, 1942 which Ernest Linburn brought to me for my attention.  

The editorial on this page, as you will note, deals with the establishment of a school in Long Branch under the direction of a Dr. Eugene H. Lehman. While the editorial itself seems innocuous, Dr. Lehman is mentioned as being your brother. I thought perhaps you would therefore want to bring the matter to the attention of the editor.  

With kindest regards, I remain  

Very sincerely,  

Percy Linburg
