Governor Herbert H. Lehman,
Executive Chamber,
Albany, New York.

Dear Herbert:

Many thanks for your kind letter of July 9th in reply to mine of the 7th.

I received a communication from the Adjutant General's Office in Washington, asking me to fill out a personnel data sheet, giving all the information available about myself. I am filling out this form and intend sending it back to Washington.

There is nothing mentioned relative to letters of recommendation but I rather thought a letter from you might not do any harm. If you agree, I would therefore appreciate your writing such a letter and sending it to me so that I can forward it together with the data sheet.

Many thanks for your trouble, and with best regards, I remain

Very sincerely,

Percy Limburg
