February 3, 1953

Dear Senator:

On February 24th the General Assembly of the United Nations comes back into session and is expected to remain in session for several weeks.

I hope, of course, that you will visit the United Nations at any time that you are in New York, but the period when the General Assembly is meeting would be of especial interest.

It would give me great pleasure to make all arrangements for you and Mrs. Lehman to have a thorough view of the United Nations during this time and I hope that I may have the pleasure of seeing you both here.

With best wishes,

Very sincerely yours,

Henry Cabot Lodge, Jr.
Chief, United States Mission to the United Nations

P.S. Please don't bother to answer this. When you find you can come to New York, have your secretary telephone the State Department switchboard in Washington and ask to be connected over the tie-line with my Special Assistant, Mr. McCarthy. In case you telephone from New York City, the number is Murray Hill 3-6810, Extension 91 or 95.

The Honorable
Herbert H. Lehman,
United States Senate.
